MEP, RAIZ y AVP ta uni den nan rechaso di leynan di consenso di Reino COHO y RAft

Fraccionnan di MAS y Accion21 ta opina cu leynan lo yuda Aruba reforma di berdad

Discusion riba e ley di consenso di Reino COHO y e RAft (Rijkswet Aruba Financieel Toezicht) a trece MEP, AVP y RAIZ hunto. E tres fraccionnan aki ta contra e proposicionnan di ley di consenso di Reino, ya cu nan ta opina cu e proposicion ta mina autonomia di Aruba, particularmente e derecho di presupuesto di Parlamento, esta e asina yama Budgetrecht.

Esaki a bin dilanti durante un reunion cera di Parlamento ayera, un reunion cu no tabata secreto pero cu pa un of otro motibo Presidente di Parlamento Edgard Vrolijk a dicidi pa publico no presencia esaki. E reunion tabata pa fraccionnan duna nan opinion riba e dos conceptonan di ley di consenso di Reino cu ta parti di e condicion pa Aruba a haya sosten di likides for di Hulanda. E dos leynan aki lo keda discuti otro siman na St. Maarten y Parlamento di Corsou a fiha su posicion cu ta bay rechasa e dos leynan manera con nan ta.

Di parti di fraccion di AVP, dr. Ryçond Santos do Nascimento a splica cu e fraccion no por bay de acuerdo cu leynan di consenso di Reino cu ta mina Statuut y autonomia di Aruba. "Ley di COHO no ta reconoce e esencia di democracia y autonomia di comunidad. Ademas, e ley di COHO ta basa riba un narativa cu Gobiernonan a haci desaster so desde Status Aparte, cu no ta berdad." Segun Santos do Nascimento, e maneho di Gobiernonan a yuda Aruba crece economicamente, danki na turismo, cu a pone cu e calidad y nivel di bida di Arubianonan ta un di e mas haltonan den region. Den pensamento di fraccion di AVP, Hulanda no mester impone sino yega na colaboracion basa riba interesnan special di Aruba como un Small Island Developing State, SIDS, pa cual por yega na areglonan cu ta na bienestar di ambos. Aki AVP ta boga pa status di UPG, cu por brinda oportunidad. AVP ta kere cu Aruba mes por implementa e pasonan necesario pa su pais.

Segun informacion di otro miembronan den e reunion, fraccion di MEP a bisa cu nan ta pro e reformanan pero no basa riba e leynan di consenso di Reino.

"Nos a campaña cu nos lo implementa e landspakket. Pues, a yega ora cu por fin por introduci e reformanan cu tur hende tin hopi tempo ta papia di dje, pero pa motibo populista tin miedo pa implementa," ta locual lider di MAS drs. Marisol Lopez a bisa Bon Dia Aruba. Tur Gobierno y Parlamento cu Aruba tabatin mester a trece reformanan, pero nunca tabatin e curashi politico pa haci locual ta necesario. Como tal e dos leynan lo yuda Aruba cumpli cu e reformanan.

Miguel Mansur a bisa cu un di e argumentonan di RAIZ contra e leynan di consenso di Reino ta cu ta limita e poder di Parlamento riba presupuesto di Pais Aruba. Y e ta de acuerdo cu esey lo ta e caso. Pero asina mes, Mansur ta kere cu e leynan ta na nan luga. "Den 35 aña di Status Aparte, no tin un biaha cu Parlamento no a para un presupuesto. Pues ta lamenta e perdida di e budgetrecht, pero no tin ningun ehempel cu Parlamento a yega di haci uso di dje." Mansur a bisa cu tur por yora cuanto cu kier, pero Aruba ta e pais mas endeuda den henter continente Mericano y Caribe "y esey ta pasobra Parlamento no a haci uso di su budgetrecht. Nos tarea primordialmente ta controla Gobierno y esey no ta cambia. Locual e leynan di consenso di Reino ta trece ta normanan cuanto por gasta of no. Ta normanan cu ta conta pa Hulanda como parti di Union Europeo tambe."

Segun Mansur y Lopez, Presidente di Parlamento Edgard Vrolijk tabata kier a bin cu un documento cu opinion di tur fraccion pero lidernan di fraccion di MEP y RAIZ no tabata kier esaki. Bon Dia Aruba a tuma contacto cu lider di fraccion di MEP drs. Shailiny Tromp Lee y lider di fraccion di RAIZ, Misha Raymond y a pesar di e laga respondi no a haya ningun reaccion riba locual ta nan posicion riba e proposicionnan di leynan di consenso di Reino.

Ademas, el a bisa cu un di e actividadnan tabata di un curso di World Coaches unda cu esey a bay conhuntamente cu KNVB di Hulanda caminda e hobennan a haya diferente hermentnan y un enfoke riba futbol, ayera esunnan cu a scoge e parti di futbol a haya e certificacion di World Coaches y tur cu a participa na GEN297 a haya nan certificado di participacion den e proyecto mes.

Ta asina cu nan ta culmina nan prome aña cu a cuminsa na 2021 y na augustus di e aña aki nan lo cuminsa na dos luga cu ta San Nicolas y Santa Cruz, di esaki Heinze a señala cu e intencion di e proyecto ta pa cada aña nan por extende na otro municipionan.

For di comienso di e proyecto cu a keda conoci na mei di aña pasa, e reaccion pa esaki tabata hopi positivo y for di eynan nan a cuminsa cu tur e preparacion, nan a sinta cu diferente organisacionnan cu ta traha cu area social y tambe educacion di un forma di cooperacion cu Cede Aruba caminda cu nan a hinca den otro e prome paso di loke ta trata e programa despues di scol. AUSOMA International Education Center ta considera entama caso contra DIP

Pendiente extension di opcion pa scolnan Reina Beatrix y Juliana

Ta berdad cu Xavier Real Estate no tin opcion riba scolnan Juliana y Beatrix. Y ta berdad cu DIP na e momentonan aki no ta considera cu a duna opcion pa e dos scolnan aki. Pero esey no ta kita afo cu si no yega na resolucion, cu esnan cu si a haya opcion na Juli 2021, lo entama un caso contra Director di DIP dr. Haime Croes. Ta trata di AUSOMA International Education Center VBA, cu ta manehando e American University School of Medicine na Aruba.

Asina su Director Kanaan Baroud a bisa Bon Dia Aruba. Sr. Baroud a splica cu Xavier Real Estate ta e compania cu ta encarga cu e aspecto logistico di e proyecto. AUSOMA a cuminza opera na Aruba na 2018 cu e Universidad di medicina na Aruba. E compania ta e entidad tambe cu a haya luz berde den Parlamento pa pidi opcion riba e dos scolnan pa asina converti nan den un centro di educacion multifacetico. Y ta a base di e decision di Parlamento cu a sostene e pensamento di e tempo ey Minister di Enseñansa dr. Rudy Lampe pa e dos scolnan aki bira un centro educativo internacional, a haya e opcion di DIP. Un opcion cu a termina na Januari 2022.
Y aki ta unda tin e disputa. Pasobra a pesar di a cumpli cu e condicionnan cu DIP a pone riba papel, pa un of otro motibo apenas un luna y mey pasa, Dr. Croes a informa Sr. Baroud cu pa motibo di no a cumpli cu tur rekisito, e opcion a vence. Otro cu e notificacion aki no tabatin mas comunicacion di parti di DIP cu no a responde na ningun di e preguntanan di Baroud, ni riba e peticion pa extension di e opcion.

Mientrastanto, Ausoma a inverti miles den e plannan pa e dos scolnan, cu e vision pa inverti como 10 miyon den e AUSOMA Education Center. Kanaan Baroud a bisa cu e forma di trata di DIP ta contra interes di pais Aruba, contra interes di AUSOMA y consecuentemente, si no bin cambio, no lo keda otro opcion cu bay Corte.

Bon Dia Aruba lo amplia riba e combersacion cu sr. Baroud den nos proximo edicion.

Rapport NIS Aruba...
Otro mas cla pa lachi...?

E siman aki porfin e rapport NIS (National Integrity System) a keda cla y presenta. Tardanza tabatin di haci cu e crisis di Covid-19, loke a haci mayoria di entrevista en persona imposible. E rapport, cu a investiga situacion di integridad den 12 pilar dentro di sociedad, ta duna un refleho fuerte, pero no inespera di e falta actual di integridad y transparencia, y presencia di corupcion, y ta centra su recomendacionnan riba mehoracion di esaki den cada un di e pilarnan aki. Pregunta ta si nos por carga speranza cu e biaha aki sí ta bay haci algo cu e recomendacionnan.

E forma di pensa aki no ta nada straño, e ta basa riba e fracaso den pasado pa implementa igual lista di recomendacion, manera e famoso rapport Calidad cu como 25 aña pasa a mira luz di nacimento, pa despues haya un morto silencioso, sin comentario ni di su procreadornan, mucho menos di esnan cu pa motibo politico tabata contra y cu a keda contento cu su desaparicion silencioso. Pa por bisa cu awor tin mas probabilidad di implementacion, nos lo mester evalua e situacion actual. En general tin dos factor di importancia cu ta defini e probabilidad di accion den implementacion di medida pa combati corupcion y mehora integridad. Uno ta e disposicion positivo di gobierno di Aruba pa implementa e cambionan. E otro ta e presion externo, manera esaki a aumenta durante y despues di e crisis di Covid, cu a expone e vulnerabilidad di nos economia y sociedad, y cu a conduci na e condicionnan Hulandes pa duna ayudo financiero. Mas e cambionan ta bin di e disposicion positivo di nos gobierno mes, mas probable ta cu nos por mira cambio positivo.

Si e ultimo aki ta e caso, anto lo mester mira un cambio grandi compara cu e practica te recientemente. Realmente nos no a mira un cambio den e decadanan despues di rapport Calidad, principalmente pasobra no tabatin conviccion cerca e dos partidonan cu tabata defini gobernacion, cu e temanan aki ta importante. Casi por bisa cu tabata trata nan como tema 'tipicamente Hulandes' y cu sigui riba e caminda proyecta, cu patronahe politico y 'family & friends' como compas pa actuacion gubernamental, tabata primordial. Cada tanto tempo tabata presta 'lip service' na e critica cu no tabata combati corupcion, y cu practica integridad tabata importante. Na mitar di decada pasa e asunto a cambia completamente, no pasobra na Aruba a cambia algo, sino cu Hulanda (atrobe) a bisa cu ta basta. Consecuencia di esaki cu pa promer biaha a cuminza accion contundente contra criminalidad organiza na e nivel mas halto. Nos no ta bisa cu e no tabata sucede, pero nunca tabatin accion hudicial na e nivel aki. Na 1994 ainda gobierno Hulandes a laga e asunto sosega y no a baha e ministro di Husticia, aunke e rapport di servicio di inteligencia Hulandes no a laga ningun duda ta kico tabata sucediendo na Aruba, den e cooperacion estrecho entre gobierno y baho mundo.

Tanto aña despues, cu tres caso reciente di criminalidad di perfil halto ta dificil pa cualkier gobierno bisa cu no mester tuma paso pa no solamente preveni esaki, sino tambe mehora condicion na tur nivel pa preveni corupcion y mehora integridad.

Nos por a ripara cu nos Ministro Presidente no a tarda pa sali pa cosecha e 'low hanging fruit' cu tin den e asunto pa su gobierno, cu en berdad tin formula un plan pa logra tal obhetivo, y cu segun e mandatario ta simplemente un cuestion di sigui riba su rumbo defini. Unico cos ta, cu si nos bay mira kico a logra den cinco aña, no ta cos di gaba. Nos a registra un ley di Ombudsman cu no a haya implementacion ainda. A institui un Bureau Integriteit cu a desaparece di mapa. A priminti un Camara di Integridad cu ni sikiera a mira luz di dia. A introduci un cambio di ley di eleccion pa institui control riba finanzas di partido politico, cu un organismo di control cu no tin ni sikiera un secretaria...

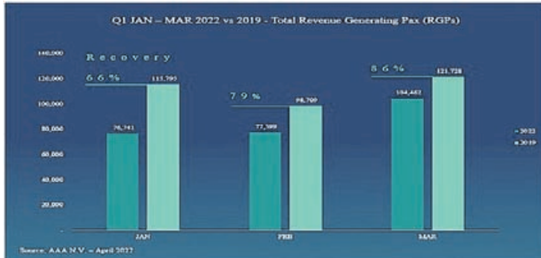

Y riba esey, no a cambia nada den e actitud gubernamental den trato di su ciudadano. E investigadornan di e NIS mes ta señala cu nan a bin topa cu un desgana entre empleado publico y personal di e ministronan pa papia cu nan, te cu aparentemente nan a haya un señal di 'ariba' cu nan por papia... Varios persona ademas, dentro y fuera di gobierno, tabata dispuesto solamente pa papia cu e hendenan di NIS bao condicion di anonimato. Asina e propio investigadornan por a cera conoci cu e 'cultura di miedo' cu ta dañando ambiente den nos comunidad.

E rapport ta duna prueba tambe di no a mira avance ainda: "A pesar di e hecho cu gobierno ta subraya bon gobernacion, transparencia y integridad como prioridad halto, den practica ta parce cu apenas e medidanan menciona den programa di gobierno ta ser implementa, o efectivamente imponi. Entrevistadonan a indica cu nan no a nota (ainda) un mehoracion practico considerable den preveni corupcion y promocion di integridad."

Nos tin e impresion cu e propio voluntad positivo, si existente, no ta suficiente pa pone cos move, aunke nos lo ta agradablemente sorprendi si esey ta e caso. Anto, pa preveni cu 'lachi ta bira doño' atrobe, lo mester conta cu e supervision di Reino atrobe?

Den Januari 2022, AUA Airport a atende 76,741 pasaheronan cu a biaha for di Aruba. Esaki tabata 16% menos cu December 2021 y tabata un resultado directo di e variante Omicron cu a gara e mundo na e momento ey. E mesun efecto tabata remarcabel durante Februari na unda tambe AUA Airport a atende 77,599 pasahero cu tabata mas o menos 1% mas cu e luna prome. Na Maart mientrastanto e cifranan a subi considerablemente cu 104,462 cu tabata un aumento di 35% compara cu Februari 2022. Durante e tres prome lunanan di 2022, 199,092 pasahero a biaha pa Estados Unidos, 7,141 pa Canada, 21,375 pa Europa, 8,852 pa Antias Hulandes y 22,342 pa Latino America.

Un averahe di Passenger Load Factor (PLF) na salida (cantidad di asiento ocupa di e cantidad total di asiento disponibel abordo di un avion ora di sali for di Aruba) pa e mercado mericano di 57%, 69% y 86% a wordo raporta pa Januari, Februari y Maart respectivamente. E promedio di PLF pa tur mercado tabata 61%, 71% y 85% respectivamente durante e mesun periodo. Na Maart nos a logra e mesun nivel di e promedio di PLF pa tur mercado cu 2019, cu tabata 85%.

Durante e lunanan anterior, AUA Airport tabata tin un averahe di 31 vuelo pa dia, compara cu un averahe di 41 vuelo pa dia den mesun periodo di 2019.
Na Januari, Februari y Maart, AUA Airport a recupera 66%, 79% y 86% respectivamente di e total di pasahero saliente compara cu e mesun lunanan den 2019.
E recuperacion total pa cu e prome kwartaal di 2022 a subi cu 77% compara cu 2019, cual ta un aumento di 39% puntonan procentual ora di compara cu e recuperacion disfruta na 2021 pa e mesun periodo.

Nos Papiamento ta...?

Eror insistente den uso di nos idioma ...

E siman aki den nos column dedica na nos idioma nacional atencion pa algun eror den nos forma di skirbi, cu ta frecuente y insistente. Mientras nos ta desea di mantene un actitud di apertura pa asunto unda ta trata di opinion, ta trata den e casonan referi mas tanto di eror o interpretacion ekiboca di gramatica.

Regularmente nos ta topa por ehemplo cu caso, parecido na: "E la bay haci scandal na e lugar". Aki ta pone e 'l' hunto cu e 'a' na lugar di pon'e hunto cu e 'e'. Kico ta e caso? Den pasado tabata skirbi y pronuncia e 'l' di e persona 'el' di Spaño y hasta tabata bisa 'ele' loke ta origina di Portugues. Den nos forma di papia esey a bira 'ela' unda ta reuni e dos palabranan, sin distingui realmente cu ta dos nan ta, pero ora di skirbi e ta bira otro asunto. Nos no por pone e 'l' hunto cu e 'a', cu ta indica den nos gramatica, e pasado. Nos no conoce un palabra cu yama 'la'. Lo ta corecto anto pa añadi e 'l' na e 'e': "El a haci un scandal na e lugar."

Como referencia, nos por indica literatura antiguo, manera publicacion di Iglesia Catolico te cu añanan 60 di siglo pasa, cu tabata usa consecuentemente 'el' y hasta 'El', si tabata trata di Jesu Cristo o Dios. Sin embargo, den uso diario di e idioma papia ya tabata comun pa usa e forma abrevia: 'e'.

Parti di e confusion cu tin cu e tema aki por ta e existencia di algo casi similar cu e palabra 'lo'. Contrario na e 'la' usa eroneamente, den caso di e 'lo' ta trata di un palabra real existente, cu ta indica tempo futuro den nos gramatica. Aki sí ta posible pa skirbi corectamente: "E lo a bay ayera caba, pero e ta aki ainda".

Otro fenomeno cu nos ta observa ultimamente ta e introduccion di palabra nobo, deriva di palabra existente cu pa hopi tempo caba ta den nos idioma. Por ehemplo e uso frecuente di 'entregamento' envez di 'entrega'. E ultimo aki ta existi como verbo y como sustantivo. Asina nos ta mira regularmente 'cuminzamento' na lugar di 'comienzo'. Un nobo cu nos a mira muy recientemente ta 'murimento' envez di simplemente 'morto'. Tin di e palabranan akio cu ta circula pa hopi tempo caba y tende nan uso frecuentemente por crea e impresion cu e ta corecto. Sin embargo, segun nos opinion e tipo di invento aki ta bin mas cu tur cos di falta di conocimento di nos idioma y realmente no mester haya un lugar den nos vocabulario tampoco.

Otro asunto cu nos ta topa cu regularidad den medio di comunicacion ta e 'hunta di directiva', pa indica loke na Papiamento pa hopi tempo caba nos ta yama 'directiva'; di un asociacion, fundacion of otro institucion. E hunta di directiva sin duda algun ta bini di e 'junta directiva' di idioma Spaño. Den su forma original e ta consisti di un sustantivo (junta) y un adjetivo (directiva). Si acaso ta desea di traduci esaki na Papiamento, e forma corecto lo ta 'hunta directivo', siguiendo e tradicion di no haci distincion a base di genero den formulacion di adjetivo. Sin embargo, talvez e hecho cu e 'directiva' na Spaño tambe ta existi significando e organo dirigente di un institucion, igual cu na Papiamento, en todo caso na Venezuela, unda regularmente ta usa e termino 'directiva' pa indica loke den otro teritorio di habla hispano consecuentemente yama 'junta directiva'. Hunto cu hopi otro palabra y expresion por ta cu esaki tambe a biaha di e parti di costa firme mas cerca nos.

Chile: Violencia aumenta

Personanan cu cara tapa a kima mas di 20 auto na region Arauco

(Infobae) – Por lo menos 25 auto y mashinnan a wordo kima diahuebs ultimo pa un grupo di personanan cu cara tapa na region di Arauco, sur di Chile, den un di e atakenan mas violento cu a wordo registra den region aki na e pais sur Americano.

Un grupo di entre 30 pa 40 persona, a drenta cu caranan tapa na un planta ubica na Villa Los Rios, provincia di Arauco, region di Biobio, na unda e atakenan frecuenta ta atribui na gruponan radical mapuche pero tambe na otro gruponan cu ta horta madera.

Di mesun manera, autoridadnan ta investiga den area aki e existencia di otro gruponan di autodefensa y di delincuencia comun.

Despues di golpia e trahadonan y intimida nan cu tiramento, nan a basha gasolin riba e trucknan y otro mashinnan cu tabata paden di e planta, segun e delegado presidencial di e zona Humberto Toro a menciona.

“Nos tin cerca di 25 truck, pickup y mashinnan kima”, el a sigura.

E atakenan violento na provincia di Arauco y na e region bisiña di La Araucania, 680 kilometer na sur di Santiago, a bira frecuente den ultimo añanan. Ora gruponan radical indigena mapuche, e tribu mayor nativo di Chile, a cuminsa exigi nan terenonan cu nan ta considera cu ta di nan pa derechonan ancestral y cu awe ta den man di empresanan forestal.

Un tiki historia di e burico

E prome buriconan a yega Aruba for di Spaña fin di aña 1400. Paso no tawata tin niun modo di transportacion riba Aruba, buriconan a wordo importa pa hasi e trabao aki transportando hende y producto.

Den comienso di siglo 20 tawata tin como 1400 burico riba nos isla. Te ora cu auto a yega Aruba y no tawata tin uso mas pa e burico. Y a laga nan los den cunucunan. Door di e popularidad di auto den añanan 50, asina hopi tawata tin riba Aruba cu auto a bira un peliger pa e buriconan.

Door di accident di auto y medida di gobierno e number di buriconan a baha te na 20 den añanan 1970. Pero poco poco e cantidad di buriconan a cuminsa subi. Den anjanan 90 tawata tin como 100 burico, y Bambam ta un di nan. Bambam a sufri hopi ora muchanan a tira awa cayente riba dje. Ramon Boekhoudt a haya duele di dje, pone bao di un palo pa trata su heridanan y asina e Sanctuario di Burico a nace. A recauda fondo door di campaña y boluntarionan a cuminsa bini pa yuda hasi un tereno limpi na St. Lucia pa hospeda e buriconan. Na aña 1997 tur cos a keda kla y "Ezelopvang Aruba" a wordo oficialmente registra na Camara di Comercio.

A piki e prome 10 buriconan na Pos Chikito y poco poco a piki e restonan. Na comienso a scohe solamente buriconan malo cu malesa of cu herida pero despues esunan "gezond" tambe tawata bai. Trafico riba nos isla a bira alarmante y tawata mucho peligroso pa e buriconan kanando los.
Na anja 1998 Desiree Eldering a cuminsa como un boluntario na e Sanctuario. E tempo ei e Sanctuario no tawata habrie pa publico. Anja 2004 a dicidi pa habrie y asina bishitantenan por a drenta. Na comienso a habrie mainta so pero den anja 2010 a habrie merdia tambe. Awendia mas cu 30,000 hende ta bishita e Sanctuario.

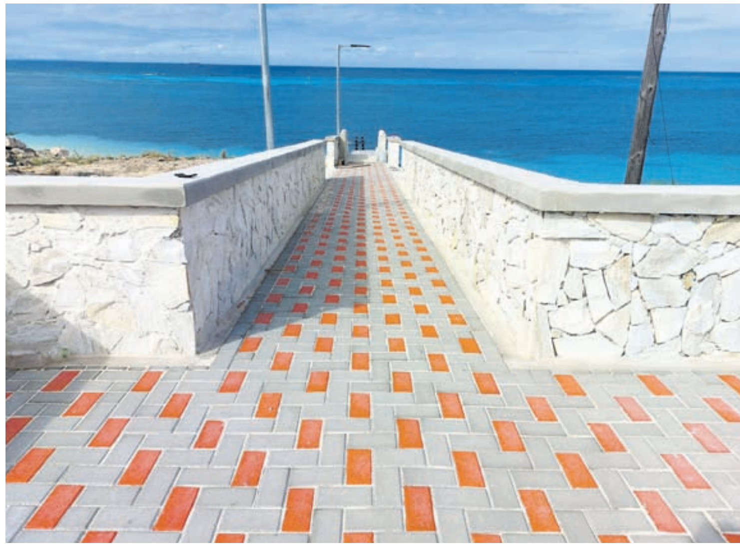

Desde anja 2006, miembronan di Directiva y boluntarionan a cuminsa hasi un tereno na Bringamosa limpi pa den futuro muda e buriconan for di St. Lucia ya cu esaki a bira mucho chikito pa tur e buriconan. Porfin na anja 2016 a muda e buriconan pa e lugar nobo cu ta mas espacioso. Awor aki nos ta cuida 127 burico, di esaki 6 burico ta biba na cas di Desiree. E seisnan aki nos ta yamanan e "problem children", ya cu nan tin mester mas atencion y cuido, y no ta sali cu otro buriconan of hende. E Sanctuario su "huesped" mas biew ainda ta Bambam….still going strong!!!!

A construi na Bringamosa un paar di apartaments pa nos boluntarionan cu ta bin for di exterior. Boluntarionan local ta ongeveer 30, pero tambe ta bin boluntario fe rond mundo trahando pa diferente organisacionan. Nan ta keda aki fe 2 pa 12 luna y ta traha na e Sanctuario diaramente cuidando y tambe sinjando con pa trata e buriconan.

Tin como 40 burico kanando los riba nos isla y nos doel ta pa un dia tur e buriconan ta den e siguridad di e Sanctuario. Door di "inbreeding" tur e machonan akiden a wordi castra. A lanta un programa cu otro islanan pa trese burico macho Aruba pa asina raza cu esunan aki pa aumenta nos populacion. Pero door di Covid tur cos ta atrasa. No tin nada mas dushie pa waak babynan burico coriendo y hungando cu otro na Bringamosa. Un dia nos lo logra!!

Lider di partido Curpa, Eric Ras

Estado di derecho na Aruba ta na peliger?

No ta di awor, pero for di hopi tempo caba partido CURPA ta bin ta señala cu riba nivel local, pero tambe mundial parce di tin un tendencia na silencia e pueblo cu e intencion pa haci e rico bira mas rico y e pober mas pober.

Riba nivel mundial "World Economic Forum" a anuncia e "great reset" despues cu lockdown a kibra economia di hopi pais. Na Canada e prome minister y mita di su gabinete ta alumno di e organisacion aki, president di Francia, Australia, Alemania y Hulanda tambe tin minister den e organisacion aki. Nos no por lubida e lema di World Economic Forum cu ta bisa: "lo bo no tin nada y lo bo ta feliz". Esaki ta e mentalidad comunista cu kier tuma control di paisnan y asina caba cu libertad di expresion. E cos aki pa nos di partido Curpa ta inaceptabel.

Riba nivel local ta bin na mente con Parlamento, despues di nan actuacion asina bochornoso kier diripiente kier bin dicta con cos mester bay. Parlamento ta lubida cu si kier drecha mundo anto cuminsa cu bo mes. No por ta asina cu un minister ta manda un carta pa un doño di un radio emisora cu un contenido asina menasante. Si aki 3 luna bin un eleccion nos di partido Curpa lo kier mira cu ki cara nan lo cana den pueblo pa busca voto despues di asina tanto mentira y masacra cartera di pueblo. Mihor cos cu nan por haci ta deshaci di e ley di mediaraad. E no ta negociabel.

Pa colmo no ta solamente parlamento, pero tambe gobierno di Aruba ta wordo sacudi pa scandal den diferente departamento y kier tapa tur cos. Ta hopi "gate" tin. Na prome lugar ta bisto cu e gobierno falta un vision concreto con pa maneha nos pais. En bes di crea mas pilar economico pa nos isla no keda depende solamente di turismo a core firma "COHO" dia 13 di November 2020 y ainda kier hustifica un maneho di spirito door di keda critica e gobierno anterior. Pueblo a bin ta comprонde sinembargo cu nan no ta mihor y cu nan ta un gobierno di desastre. Un gobierno cu a priminti cielo y tera durante campaña y cu conoce e materia bon y cu nan lo goberna cu 7 minister y sin medida, pero a haci lo contrario.

Un otro aspecto di e mediocridad di e gobierno ta e medida pa hisa grond- y inkomstenbelasting. Partido CURPA ta convenci cu e proposito di e medida ta pa kita propiedad di nos pueblo. E modus operandi aki a wordo implementa na Hulanda caba como tambe na un isla Caribeño caminda a hisa grondbelasting y esnan cu ta biba di un pensioen miserable y no por a paga e grondbelasting a haya nan mes ta bende nan propiedadnan. Nos pueblo di Aruba mester habri nos wowonan hancho pa e no pasa aki na Aruba. E negoshi tereno a haci hopi daño na nos isla.
Inflacion ta afecta tur hende. Aruba ta caro y hasta ATA mes a bin ta suplica gobierno pa trata na contene e inflacion, pasobra hasta turista a cuminsa ta keha di e prijsnan. Si turista ta keha anto imagina bo den kico nos grandinan y esnan mas vunerabel riba nos isla ta experencianado. Desempleo ta creciendo y negoshinan ta cera nan porta paso no tin placa ta lora. No por pone mas medida riba lomba di pueblo. Rothschild foundation a laga sa di ta bay tin escasez grandi di alimento e aña aki. Agricultura, cria y pesca mester haya su debido atencion.

Partido CURPA ta di opinion cu e gobierno aki simplemente mester bay cas, nan no tin Aruba na pecho. Cada dia cu pasa ta mas daño nan ta haci en bes di bon. Esaki ta e tempo pa busca Dios y di curason paso ta un tempo dificil. Nos tur ta responsabel pa nos actonan y nos lo mester duna cuenta na Dios. E ley di sembra y cosecha ta conta pa nos tur. Si bo a sembra bondad lo bo cosecha bondad. Dios su tempo ta perfecto y nos como habitantenan di nos isla stima no mester perde speransa y mantene nos fe den Dios. No den hendenan cu tin e palabra di Dios den nan boca pero ora di tuma decision ta vota na fabor di leynan cu bay contra leynan di Dios. Esakinan ta e lobonan bisti na carne.

E obrero ta un creador y alabes ta di gran balor pa su pais.
Mi ta orguyoso di tur obrero cu ta hiba nos Aruba pa dilanti.

KLM ta cancela decenas di vuelo plania den weekend pa causa di preocupacion cu cantidad di persona na Schiphol

(NLTimes) - Aerolinea Hulandes KLM lo cancela por lo menos 47 vuelo cu tin den plan pa diasabra y diadomingo pa causa di e gran cantidad di persona inespera na aeropuerto Schiphol. E aerolinea anteriormente a cancela salidanan y yegada di 28 vuelo riba diabierna. Cu e cancelacion nobo, KLM ta spera di por mantene ambos e cantidad di persona na aeropuerto y e cantidad di trabao riba nan empleadonan.

Despues di cu e ultimo ronda di vuelonan a keda cancela pa e weekend, e aerolinea a bisa diabierna atardi cu e no ta spera mas cancelacion, aunke e no ta descarta e posibilidad. KLM ta haciendo yamado na pasaheronan pa yega aeropuerto cu hopi tempo pa check in, pasa door di siguridad y procedura di controla paspoort.

Anteriormente e aeropuerto a pidi pa aerolineanan yuda reduci e presion di e fin di siman. Aerolineanan a responde na e yamado aki pa medio di cancela vuelo, cambia e biahe pa pasaheronan, y reloca cierto vuelo na Rotterdam Den Haag Airport, segun vocero di Schiphol. E aeropuerto den e area di Amsterdam a bisa riba diabierna cu nan a baha e cantidad di pasahero cu lo bini den e dianan proximo pa causa di e cambionan.

Algun aerolinea te ainda ta investigando cua vuelonan por ser cambia, sinembargo Schiphol su meta di tin 3,500 menos pasahero na aeropuerto riba diasabra ta “casi un realidad,” e vocero a conta. Pasaheronan te ainda mester tuma na cuenta e cantidad di persona y tempo cu lo mester warda.

Empleadonan di KLM a manifesta fin di siman pasa pa causa di frustracion cu e gran cantidad di trabao cu nan ta enfrentando. Como resultado di esaki, decenas di vuelo a keda cancela y varios maleta no a yega na vuelonan cu a usa e aeropuerto. Empleadonan tambe tabatin miedo di perde nan trabao pa motibo cu KLM anteriormente a bisa nan kier traha mas cu companianan externo na luga di ofrece siguridad di trabao na su empleadonan existente.

Mientrastanto, ya caba maneho di KLM a cuminsa cu dialogo cu e representantenan di e empleadonan di e compania tocante e presion di trabao. Tin mas dialogo cu unionnan di labor den plan.

Algun di e problemanan na Schiphol tambe ta causa pa mantenemento. Conhuntamente cu un direccion di biento cu no ta faborabel, a causa mas interupcion den e vuelonan.

Mehoracion di e salud mental di residentenan Hulandes por spaar miyones di euro pa aña

(NLTimes) - Hobennan adulto na Hulanda tabata significantemente menos feliz y satisfecho cu nan bida den aña 202. Apesar di e gran disminucion aki, e gran mayoria di hobennan di 18 pa 25 aña te ainda ta contento y satisfecho cu nan bida. Mesun estadistica ta conta pa henter e poblacion di Hulanda, segun reportahe di Statistics Netherlands den Social Cohesion and Welfare Survey.

Aña pasa, 81 porciento di e hobennan adulto a bisa cu nan ta contento, y 77 porciento a bisa cu nan ta satisfecho. Den aña 1997, 91 porciento di e personanan den e grupo di edad aki tabata contento, y 85 porciento satisfecho. Hobennan adulto tabata e grupo mas contento y mas satisfecho na Hulanda den aña 1997, sinembargo e grupo a baha te na ultimo luga den ambos categoria.

Di tur adulto na Hulanda, 86.4 porciento tabata contento, y 83.6 porciento tabata satisfecho. Esaki ta un poco mas abao cu e 88.2 porciento di adulto contento y 84.1 porciento di adulto satisfecho na Hulanda den aña 1997.

E estadistica a puntra tambe si e personanan cu a participa tabata sinti cu nan bida tin sentido, unda cu a mira cu e gran mayoria di adultonan a considera cu si y a sinti cu nan a contribui na sociedad di algun manera. Aunke tabatin varios adulto cu no ta considera nan mes feliz, nan ta sigui cu e pensamento y sentimento cu ta bal pa pena sigui na bida.

Recientemente a instituto Trimbos a calcula cu si mehora e salud mental di residentenan di Hulanda por spaar miyones di euro pa aña den gastonan social. Mehoracion di e salud psicologico di 1 miyon adulto cu 5% lo spaar 144 miyon euro pa aña segun e instituto su calculacion.

“Hendenan cu ta mentalmente saludabel, por pensa di un manera positivo, y por lidia cu cualkier obstaculo. Promocion di salud mental ta haci hende sinti mas saludabel y asina ta yuda nan funciona di un miho manera,” segun RIVM. Como resultado di esaki, hopi hende ta pidi AO cu menos frecuencia, y mester di menos cuido di por ehempel dokter di cas of di hospital.

Diesun parlamentario Hulandes na Sint Maarten pa IPKO

(CuraçaoChronicle) – Un delegacion di diesun miembro di Eerste y Tweede Kamer di Parlamento Hulandes ta bay participa den e Consulta Interparlamentario di Reino, IPKO, na Sint Maarten for di diaranson 4 di mei te diabierna 6 di mei.

E IPKO ta un structura di consulta di e cuatro parlamento di Reino, cual ta tuma lugar dos biaha pa aña. E proximo IPKO na Sint Maarten tabata planea originalmente pa januari di e aña aki, pero mester a keda posponi te mei 2022 pa motibo di e pandemia di Covid-19.

Riba agenda pa e IPKO tin combersacionnan tocante consensusrijkswet pa establece e Organo Caribense di Reforma y Desaroyo (COHO), e status di asuntonan relaciona cu ehecucion di landspakketnan, y construccion di relacionnan miho y mas sostenible dentro di reino.

Parlamentarionan di Corsou ta bay acerca nan coleganan di Aruba y Sint Maarten pa hunto formula y entrega amiendanan na e propuesta di ley.
Segun Parlamento di Corsou, e minister Hulandes di Asuntonan Interno y Relacionnan di Reino tin demasiado poder den COHO. E Jazz Appreciation Month ta crea pa rindi tributo na jazz como un genero musical tanto bibo, como historico. Scol, organisacion y gobiernonan ta celebra JAM cu conciertonan gratis y programanan educacional. For di 2015 y cu cooperacion di partners local, a logra trece musiconan internacional, cu na mesun momento a fungi como educadornan di e talento hoben ofreciendo tayernan.

E aña aki, JAM ta explora e mezcla di musica Afro Caribense y jazz cu a hiba na e formacion di Latin Jazz. Un di e figuranan icono den e tradicion di musica Afro Caribense ta e bahista, lider di banda, compositor y co creador di mambo, Israel Cachao Lopez.
Manera e gran Nina Simone a bisa, "Jazz no ta djis musica, e ta un estilo di bida, e ta un manera di ta, un manera di pensa". E storia di jazz ta skirbi den e buskeda pa dignidad humano, democracia y derechonan civil. El a duna forsa na e lucha contra discriminacion y racismo. UNESCO ta kere den e poder di jazz como un forsa di paz, dialogo y comprondemento mutuo y p'esey na november 2011, e Conferencia General di UNESCO a proclama dia 30 di april como Dia Internacional di Jazz.

"E di dies Dia Internacional di Jazz ta un oportunidad pa celebra un biaha mas cu e tradicion musical rico aki. British Virgin Islands premier accused of smuggling cocaine

(AP) — The premier of the British Virgin Islands appeared in federal court in Miami on Friday after his arrest on cocaine-smuggling charges, while Britain's governor of the Caribbean territory announced that a corruption inquiry found ample reason to suspend the islands' elected government.

The arrest of Premier Andrew Alturo Fahie, 51, in Florida prompted the U.K.-appointed governor of the British Virgin Islands to release a damning report Friday from a probe into separate wide-ranging allegations of corruption.

The dramatic developments place the immediate future of the British overseas territory into doubt. The string of islands inhabited by 35,000 people east of Puerto Rico is currently under a 2007 constitution giving it limited self-governance under a governor who is the ultimate executive authority as the representative of Queen Elizabeth II.

Fahie was arrested Thursday at a Miami-area airport along with his territory's director of ports, Oleanvine Maynard, in a U.S. Drug Enforcement Agency sting. Maynard's son, Kadeem Maynard, faces the same changes in the alleged scheme. He was arrested in St. Thomas.

According to a criminal complaint, Fahie and Maynard had been at the airport to meet Mexican drug traffickers, who in reality were undercover DEA agents.

Trump, fighting contempt fines, says he doesn't have records

(AP) — Donald Trump's lawyers, seeking to reverse their client's $10,000-per-day contempt fine, provided a New York judge Friday with an affidavit in which the former president claims he didn't turn over subpoenaed documents to the state attorney general's office because he doesn't have them.

The judge, though, was unmoved and refused to lift sanctions he imposed on Trump on Monday. Judge Arthur Engoron criticized the lack of detail in Trump affidavit, which amounted to two paragraphs, saying that he should have explained the methods he uses to stores his records and efforts he made to locate the subpoenaed files.

In the affidavit, which bore Trump's signature and Wednesday's date, the former president said that documents sought in Attorney General Letitia James' civil investigation into his business dealings weren't in his personal possession. Trump, who is appealing the contempt ruling, said he believed any documents would be in the possession of his company, the Trump Organization.

In other affidavits, Trump lawyers Alina Habba and Michael Madaio detailed steps they took to locate documents in the Dec. 1 subpoena, including meeting with Trump last month at Mar-a-Lago in Florida and reviewing prior searches of his company's files.

Andrew Amer, a lawyer for the attorney general's office, said in a court filing that while the affidavits "provide some additional information" about Trump's efforts to comply with the subpoena, more extensive searches were needed — including of Trump Tower, his residences and electronic devices — before the judge should consider reversing the contempt finding.

Frank Runyeon, a reporter for the legal publication Law360, said that Engoron held an impromptu hearing Friday, without a court stenographer, in which he addressed the affidavits from Trump and his lawyers and ruled to keep the contempt fine in place.

Runyeon, one of the few members of the news media to attend the unadvertised hearing, reported that Engoron was insistent that Trump provide the "who, when, where, what" of his search, with the judge asking at one point: "Where did he keep files? I assume it wasn't all in his head."

Habba filed a notice of appeal Wednesday with the appellate division of the state's trial court seeking to overturn Engoron's contempt ruling. Trump is also challenging Engoron's Feb. 17 ruling requiring that he answer questions under oath. Oral arguments in that appeal are scheduled for May 11.

James, a Democrat, has said that her investigation has uncovered evidence that Trump may have misstated the value of assets like skyscrapers and golf courses on his financial statements for more than a decade. Her Dec. 1 subpoena sought numerous documents, including paperwork and communications pertaining to his financial statements and various development projects.

James asked Engoron to hold Trump in contempt after he failed to produce any documents by a March 31 court deadline. In his ruling, Engoron said that Trump and his lawyers not only failed to meet the deadline, but also failed to document the steps they had taken to search for the documents, as required under case law.

Trump, a Republican, is suing James in federal court in an effort to stop her investigation. Oral arguments in that matter are scheduled for May 13.

Trump recently labeled her an "operative for the Democrat Party" and has said in written statements that her investigation and a parallel criminal probe overseen by Manhattan District Attorney Alvin Bragg, another Democrat, are "a continuation of the greatest Witch Hunt of all time."

Bragg said this month that the 3-year-old criminal investigation he inherited in January from his predecessor, Cyrus Vance Jr., is continuing "without fear or favor" despite a recent shakeup in the probe's leadership. Trump's lawyers contend that James is using her civil investigation to gain access to information that could then be used against him in the criminal probe.

So far, the district attorney's investigation has resulted only in tax fraud charges against the Trump Organization and its longtime finance chief, Allen Weisselberg, relating to lucrative fringe benefits such as rent, car payments and school tuition. The company and Weisselberg have pleaded not guilty.

Former Idaho lawmaker found guilty of raping intern

(AP) — A former Idaho lawmaker was convicted Friday of raping a 19-year-old legislative intern after a dramatic trial in which the young woman fled the witness stand during testimony, saying "I can't do this."

The intern told a Statehouse supervisor that Aaron von Ehlinger raped her at his apartment after the two had dinner at a Boise restaurant in March 2021. He said the sex was consensual.

At the time, von Ehlinger was a state representative from Lewiston, but he later resigned.

Von Ehlinger, 39, was found guilty Friday of rape. He was found not guilty of sexual penetration with a foreign object.

Von Ehlinger sat calmly as the verdict was read, as he has throughout the trial. Von Ehlinger talked quietly with his attorney, who removed items from Von Ehlinger's pockets as he was handcuffed and remanded to custody.

Afterward, 4th District Judge Michael Reardon told the jury: "This has been an unusual case attended by many unexpected circumstances, but I appreciate your attention ... and hard work."

Sentencing has been scheduled for July 28.

The Associated Press generally does not identify people who say they have been sexually assaulted, and has referred to the woman in this case as "Jane Doe" at her request.

Doe haltingly described the moments the alleged assault began, before abruptly leaving the witness stand.

"He tried to put his fingers between my legs and I closed my knees," Doe said.

At that, she stood up.

"I can't do this," she said, quickly walking out of the courtroom.

The judge gave the prosecuting attorneys 10 minutes to find her to determine if she would return and resume her testimony.

When she did not, the judge told the jurors they had to "strike (Doe's testimony) from your minds as if it never happened," because the defense could not cross-examine her.

During his testimony Thursday, von Ehlinger often spoke in a clear, loud voice directly to jurors, saying he and Doe decided to return to his apartment to "hang out" after eating at a fancy Boise restaurant. Then they began making out on the couch, he said.

"Things were going well, and I asked (Doe) if she would like to move to the bedroom," von Ehlinger said. "She said 'Sure.' We got up, held hands and walked into the bedroom."

Deliberations stretched for seven hours until nearly 8 p.m. Thursday before the jury decided to break for the evening. At one point, the judge summoned the attorneys to his chambers because the jury asked a question. No details were made public about the jury's inquiry.

When the allegations became public — largely because of the legislative ethics investigation — Doe faced unrelenting harassment from some of von Ehlinger's supporters. Her name, photo and personal details about her life were repeatedly publicized in "doxxing" incidents. One of the people who frequently harassed her was in the courthouse to attend the trial, but law enforcement banned the man from the floor where where case was being heard.

During closing arguments, Ada County Deputy Prosecuting Attorney Katelyn Farley told jurors that the case was about "power in the wrong hands" used to the "great devastation" of Doe. Von Ehlinger had social, political and physical power over the petite intern, Farley said.

Redfin settles lawsuit alleging housing discrimination

(AP) - Fair housing advocates on Friday announced a settlement agreement to resolve a lawsuit against real estate brokerage Redfin that will expand housing opportunities for consumers in communities of color in numerous major cities.

Under the agreement, Seattle-based Redfin will change its minimum housing price policy, alter other practices, and pay $4 million to settle the suit brought against it by the National Fair Housing Alliance and nine other fair housing organizations in 2020.

The changes will increase access to Redfin's real estate services across the country and help counter redlining and residential segregation that NFHA and the other plaintiffs alleged Redfin's policies perpetuated. Redlining is a now-illegal practice in which banks would refuse to make home loans to someone because they live in an area deemed to be a poor financial risk.

"Our goal was to ensure that all neighborhoods are treated fairly and have access to the full range of services provided by any real estate company," said Lisa Rice, president and CEO of NFHA. "The steps Redfin has agreed to take are a positive move toward stamping out some of the nation's most harmful practices, like redlining and appraisal bias."

The lawsuit alleged Redfin's minimum home price policy violated the Fair Housing Act by discriminating against sellers and buyers of homes in communities of color. NFHA and the other plaintiffs alleged that policies that limit or deny services for homes priced under certain values can perpetuate racial segregation and contribute to the racial wealth gap.

Redfin said in a statement that it preferred to spend money on advancing fair housing rather than on litigation, and that the settlement was not an admission of liability.

"Our commitment to broadening the price range of the homes we can sell is why, every year, by design, we lose money selling low-priced homes," the company said. "As part of the settlement, we will increase our investment in serving buyers interested in low-priced homes in communities that have historically been underserved by the real estate industry ... Redfin hasn't broken the law and we continue to stand behind our business practices."

Redfin has agreed to make changes that will stand for at least three years after an initial implementation period. The company also will seek to increase racial diversity in its workforce, advertise its services to reach non-white consumers, and require agents and local partner realty firms to attend fair housing training.

The lawsuit alleged that Redfin's minimum home price policy had an adverse impact on buyers and sellers of homes in predominantly non-white communities based on race and national origin. The complaint alleged that Redfin offered no services in non-white ZIP codes at a disproportionately higher rate than in white ZIP codes in Baltimore; Chicago; Detroit; Kansas City, Missouri; Kansas City, Kansas; Long Island, New York; Louisville, Kentucky; Memphis, Tennessee; Milwaukee; Newark, New Jersey; and Philadelphia.

The lawsuit was filed in the federal district court in Seattle.

Other plaintiffs included the South Suburban Housing Center; HOPE Fair Housing Center; Fair Housing Center of Metropolitan Detroit, Fair Housing Justice Center Inc., Long Island Housing Services Inc., Lexington Fair Housing Council, Metropolitan Milwaukee Fair Housing Council, the Fair Housing Rights Center in Southeastern Pennsylvania and Open Communities.

Redfin operates in 95 markets in the U.S. and Canada and has generated $195 billion in home sales.

In the lawsuit, Redfin was accused of systematic racial discrimination by offering fewer services to homebuyers and sellers in minority communities — a type of digital redlining that has depressed home values and exacerbated historic injustice in the housing market.

The housing organizations said that during a two-year investigation they documented the effect of Redfin's "minimum price policy," which requires homes to be listed for certain prices to reap the benefits of Redfin's services.

The company was vastly less likely to offer realtor services, professional photos, virtual tours, online promotion or commission rebates for homes listed in overwhelmingly minority neighborhoods than it was in overwhelmingly white ones, the investigation found.

That meant homes in minority neighborhoods were likely to stay on the market longer and sell for lower prices than they otherwise might have, the lawsuit said.

"Redfin's policies and practices operate as a discriminatory stranglehold on communities of color, often the very communities that have been battered by a century of residential segregation, systemic racism, and disinvestment," the lawsuit said.

Under the minimum price policy, Redfin didn't offer its full services unless homes were listed for certain prices, which vary by market. When potential buyers clicked on homes that fall below those minimums, they received a message saying, "Redfin is currently unable to show this property."

Lawyers spar over DNA swab on suspect in NYC subway shooting

(AP) — Two weeks after a man was accused of terrorizing the New York City subway system, prosecutors and his defense attorneys are sparring over an FBI jailhouse visit to the suspect.

Defense attorneys claimed in a court filing Thursday that agents unexpectedly and improperly took DNA samples from Frank James, who allegedly wounded 10 people when he opened fire inside a crowded Brooklyn subway car.

Papers filed in Brooklyn federal court claimed FBI agents entered James' cell, questioned him and took multiple swabs of his inner cheeks for DNA. The defense lawyers also suggested the agents didn't have a search warrant.

"Contrary to standard practice, the government committed this intrusion absent advance notice to counsel, depriving us of an opportunity to be heard or to be present," the lawyers wrote. They said the search took place Tuesday.

Later Thursday, prosecutors responded by calling the claims "hyperbole." They said no questioning took place and that the "DNA was obtained pursuant to a judicially authorized search warrant" that could have been known about in advance.

Authorities say James unleashed smoke bombs and dozens of bullets on April 12 in a train full of morning commuters. Several people were injured, but no one was killed.

James, 62, is charged with a federal terrorism offense that applies to attacks on mass transit systems. Authorities say there's currently no evidence linking James to terror organizations, leaving his motives murky.

UN works to broker civilian evacuation from Mariupol

(AP) — The United Nations doggedly sought to broker an evacuation of civilians from the increasingly hellish ruins of Mariupol on Friday, while Ukraine accused Russia of showing its contempt for the world organization by bombing Kyiv while the U.N. leader was visiting the capital.

The mayor of Mariupol said the situation inside the steel plant that has become the southern port city's last stronghold is dire, and citizens are "begging to get saved." Mayor Vadym Boichenko added: "There, it's not a matter of days. It's a matter of hours."

Ukraine's forces, meanwhile, fought to hold off Russian attempts to advance in the south and east, where the Kremlin is seeking to capture the country's industrial Donbas region. Artillery fire, sirens and explosions could be heard in some cities.

On Thursday, Moscow's forces launched a missile attack on a residential high-rise and another building in Kyiv, shattering weeks of relative calm in the capital following Russia's retreat from the region early this month.

U.S.-funded broadcaster Radio Free Europe/Radio Liberty said one of its journalists, Vira Hyrych, was killed in the bombardment. Ten people were wounded, one of them losing a leg, authorities said.

The missile strike came barely an hour after Ukrainian President Volodymyr Zelenskyy held a news conference with U.N. Secretary-General António Guterres.

"This says a lot about Russia's true attitude toward global institutions, about attempts of the Russian leadership to humiliate the U.N. and everything the organization represents," Zelenskyy said.

Kyiv Mayor Vitali Klitschko said the attack was Russian President Vladimir Putin's way of giving "his middle finger" to Guterres.

In an apparent reference to the Kyiv bombing, Russia's military said it had destroyed "production buildings" at the Artem defense factory.

The missile strike came just as life in Kyiv seemed to be getting back a little closer to normal, with cafes and other businesses starting to reopen and growing numbers of people going out to enjoy the arrival of spring.

Volodymyr Fesenko, a Ukrainian political analyst and head of the Kyiv-based Penta Center think tank, said the attack carried a message: "Russia is sending a clear signal about its intention to continue the war despite the international pressure."

Getting a full picture of the unfolding battle in the east has been difficult because airstrikes and artillery barrages have made it extremely dangerous for reporters to move around. Both Ukraine and the Moscow-backed rebels fighting in the east also have introduced tight restrictions on reporting from the combat zone.

But so far, Russia's troops and the separatist forces appear to have made only minor gains.

In the bombed-out city of Mariupol, around 100,000 people were believed trapped with little food, water or medicine. An estimated 2,000 Ukrainian defenders and 1,000 civilians were holed up at the Azovstal steel plant.

The Soviet-era steel plant has a vast underground network of bunkers able to withstand airstrikes. But the situation has grown more dire after the Russians dropped "bunker busters" and other bombs.

"Locals who manage to leave Mariupol say it is hell, but when they leave this fortress, they say it is worse," said Boichenko, the mayor.

U.N. spokesman Farhan Haq said the organization was negotiating with authorities in Moscow and Kyiv to create safe passage.

Ukraine has blamed the failure of numerous previous evacuation attempts on continued Russian shelling.

This time, "we hope there's a slight touch of humanity in the enemy," the mayor said.

Also Friday, two towns in central Ukraine's Dnipropetrovsk region were hit by Russian rockets, the regional governor said. There was no immediate word on casualties or damage.

Fighting could be heard from Kramatorsk to Sloviansk, two cities about 18 kilometers (11 miles) apart in the Donbas. Columns of smoke rose from the Sloviansk area and neighboring cities. At least one person was reported wounded in the shelling.

The governor of Russia's Kursk region said that a border post came under mortar attack from Ukraine and that Russian border forces returned fire. He said there were no casualties on the Russian side.

In the village of Ruska Lozava, near Kharkiv, hundreds of people were evacuated after Ukrainian forces retook the city from Russian occupiers, according to the regional governor. Those who fled to Kharkiv spoke of dire conditions under the Russians, with little water or food and no electricity.

"We were hiding in the basement. It was horror. The basement was shaking from the explosions. We were screaming, we were crying and we were praying to God," said Ludmila Bocharnikova.

Heat wave scorches India's wheat crop, snags export plans

(AP) — An unusually early, record-shattering heat wave in India has reduced wheat yields, raising questions about how the country will balance its domestic needs with ambitions to increase exports and make up for shortfalls due to Russia's war in Ukraine.

Gigantic landfills in India's capital New Delhi have caught fire in recent weeks. Schools in eastern Indian state Odisha have been shut for a week and in neighboring West Bengal, schools are stocking up on oral rehydration salts for kids. On Tuesday, Rajgarh, a city of over 1.5 million people in central India, was the country's hottest, with daytime temperatures peaking at 46.5 degrees Celsius (114.08 Fahrenheit). Temperatures breached the 45 C (113 F) mark in nine other cities.

But it was the heat in March — the hottest in India since records first started being kept in 1901 — that stunted crops. Wheat is very sensitive to heat, especially during the final stage when its kernels mature and ripen. Indian farmers time their planting so that this stage coincides with India's usually cooler spring.

Climate change has made India's heat wave hotter, said Friederike Otto, a climate scientist at the Imperial College of London. She said that before human activities increased global temperatures, heat waves like this year's would have struck India once in about half a century.

"But now it is a much more common event — we can expect such high temperatures about once in every four years," she said.

India's vulnerability to extreme heat increased 15% from 1990 to 2019, according to a 2021 report by the medical journal The Lancet. It is among the top five countries where vulnerable people, like the old and the poor, have the highest exposure to heat. It and Brazil have the the highest heat-related mortality in the world, the report said.

Farm workers like Baldev Singh are among the most vulnerable. Singh, a farmer in Sangrur in northern India's Punjab state, watched his crop shrivel before his eyes as an usually cool spring quickly shifted to unrelenting heat. He lost about a fifth of his yield. Others lost more.

"I am afraid the worst is yet to come," Singh said.

Punjab is India's "grain bowl" and the government has encouraged cultivation of wheat and rice here since the 1960s. It is typically the biggest contributor to India's national reserves and the government had hoped to buy about a third of this year's stock from the region. But government assessments predict lower yields this year, and Devinder Sharma, an agriculture policy expert in northern Chandigarh city. said he expected to get 25% less.

The story is the same in other major wheat-producing states like Uttar Pradesh and Madhya Pradesh.

Overall, India purchased over 43 million metric tons (47.3 million U.S. tons) of wheat in 2021. Sharma estimates it will instead get 20% to nearly 50% less.

Even though it is the world's second-largest producer of wheat, India exports only a small fraction of its harvest. It had been looking to capitalize on the global disruption to wheat supplies from Russia's war in Ukraine and find new markets for its wheat in Europe, Africa, and Asia.

That looks uncertain given the tricky balance the government must maintain between demand and supply. It needs about 25 million tons (27.5 million U.S. tons) of wheat for the vast food welfare program that usually feeds more than 80 million people.

Before the pandemic, India had vast stocks that far exceeded its domestic needs — a buffer against the risk of famine.

Those reserves have been strained, Sharma said, by distribution of free grain during the pandemic to about 800 million people — vulnerable groups like migrant workers. The program was extended until September but it's unclear if it will continue beyond then.

"We are no longer with that kind of a surplus . . . with exports now picking up, there would be a lot of pressure on the domestic availability of wheat," Sharma said.

India's federal agriculture and commerce ministries didn't respond to questions sent to them via email.

Beyond India, other countries are also grappling with poor harvests that hinder their ability to help offset the potential shortfall of supplies from Russia and Ukraine, normally the world's largest and fifth-largest exporters of wheat.

China's agriculture minister, Tang Renjian, said last month that the winter wheat harvest was likely to be poor, hindered by flooding and by delays in planting.a

Kenya honors former President Kibaki with state funeral

(AP) — Kenyans are paying their last respects to former President Mwai Kibaki in a state funeral service Friday that is attended by African leaders.

Kibaki, whose death was announced last Friday, has been praised by Kenya's current leaders as a respected statesman. He was 90.

Authorities declared Friday a public holiday in honor of Kibaki, who served two terms as president from 2002 to 2013. The presidents of Kenya, South Africa and South Sudan are among the dignitaries attending the state funeral in the capital, Nairobi.

Hundreds of Kenyans stood by the roadside to watch a military procession escorting the hearse to the national stadium where thousands more had gathered since early morning.

"It is the second time I have seen something like this. It is sad but very colorful," said Mercy Wairimu, a street vendor of sweets.

Kibaki will be buried on Saturday at his ancestral home in central Kenya.

Before becoming president in 2002, Kibaki had a distinguished career as a public servant. He had served as finance minister, vice president, and official leader of the opposition in the National Assembly. He was often seen as a gentleman in a country full of more aggressive politicians.

Kibaki's reelection to a second term in 2007 put a dent in his reputation as his victory was disputed by his opponent, Raila Odinga. Odinga asserted that the election result had been rigged and that he had really won the poll.

Hundreds of people were killed in weeks of ethnic violence that followed.

Amid the stalemate, Kenya exploded into fighting along tribal lines that forced more than 600,000 people from their homes. The violence shattered Kenya's standing as a beacon of stability in East Africa.

The international community led by former U.N. Secretary-General Kofi Annan eventually brokered a fragile power-sharing deal between Kibaki and Odinga, who settled for a new role as Kenya's prime minister.

In the wake of the violence, Kibaki oversaw a new constitution for Kenya that was aimed at decentralizing powers and reducing persistent ethnic tensions that continue to flare up during electoral seasons. The new constitution was praised as having some of the most progressive human rights provisions in the world.

Taylor vs Serrano at MSG is a main event for women's boxing

(AP) — Back when Katie Taylor had to pretend she was a boy so she could box, or even not long ago when Amanda Serrano was fighting for thousands of dollars with a resume that in men's boxing would earn her many millions, it was hard to imagine where they are now.

They meet Saturday night in what has been called the most significant women's boxing match ever, the first to headline Madison Square Garden. At stake are the unbeaten Taylor's four lightweight titles, but this bout goes beyond just the belts.

It's grown even bigger than what organizers hoped, with a sold-out crowd possible, the Empire State Building lighting up in the colors of the fighters' countries and unprecedented media attention for women's boxing. Those involved say it proves that if the best fight the best, with the proper promotional push, it doesn't matter what gender they are.

"Women's boxing wasn't even a sanctioned sport in Ireland," Taylor said. "Now here we are many years later headlining Madison Square Garden, the most iconic venue in boxing, and making history as the biggest fight in female boxing history. This is just incredible."

Taylor (20-0, 6 KOs) became the undisputed champion with a victory at the Garden in 2019, while Serrano (42-1-1 30 KOs), a champion in seven weight classes who moves up two divisions for this fight, has fought in the smaller Hulu Theater at MSG, but never in the main arena.

Organizers at first considered the Hulu Theater for this fight, but after deciding it was big enough for the big room, planned on configuring the venue for around 10,000 seats. They had to make more available when those were all purchased. About 15,000 already have been sold, with a significant number of Irish fans coming to support the 2012 Olympic gold medalist.

There will be plenty more for Serrano, a Puerto Rican who lives in Brooklyn and is a slight favorite, according to Fanduel Sportsbook.

"I can't wait until Saturday night to prove that we're deserving of this opportunity, of this spotlight, just everything all together," Serrano said.

Promoter Eddie Hearn sees it as a culmination of Taylor's quest to never stop trying to do more than what seemed possible for her. She would wear headgear into and out of the gym to conceal her appearance and not use her first name when she began fighting, because girls weren't allowed to in Ireland. He credits her with pushing the International Olympic Committee to make women's boxing a medal sport and for always seeking the biggest events once she turned pro.

"When Katie came into my office six years ago, we had a dream and we always said, 'One day you'll headline at Madison Square Garden and make a million dollars,' and I'm thinking probably not, but we'll just keep saying it," Hearn said. "And here we are."

Serrano, despite her decorated career, was earning $5,000 or $10,000 purses not long ago, according to promoter Jake Paul. But once she hooked up with Paul, the YouTube star-turned boxer and promoter, and fighting on his cards, she went to another tax bracket as easily as she bounces between weight classes.

"To think that we are here a year later is massive," Paul said, adding that the event's hype "feels like a unification of the heavyweight division."

Talks fell through for a match a couple of years ago, when they would have fought with no fans because of the coronavirus pandemic. Serrano — whose sister, Cindy, was beat by Taylor in 2018 — figured there was too much demand for the matchup to not be put back together.

"I was pretty confident the fight was going to happen, but not at this magnitude," she said.

Taylor and Serrano are featured on a billboard in Times Square and atop taxis in New York. They appeared together earlier this week on NBC's "Today" show and on the observation deck of the Empire State Building, which on Saturday will be lit in a mixture of Ireland's green and orange,

and the red, white and blue of Puerto Rico. Some 200 members of the media are expected a couple of blocks away that night inside MSG.

"This is reflective of a broader trend in sport," said Joseph Markowski, the executive vice president of DAZN, which will stream the card. "People are starting to realize that women, when they're given the platform, the marketing, the PR polish that their male counterparts get, the eyeballs come. When the eyeballs come, people are entertained and amazed by what these athletes do. This is long overdue."

Trailblazing women's athletes such as tennis Hall of Famer Billie Jean King and boxers Laila Ali and Christy Martin have gotten in on the promotion. Ali's father fought the most famous boxing match at Madison Square Garden, with Joe Frazier beating Muhammad Ali in their first fight in 1971.

Now it's Taylor and Serrano who will write boxing history in the arena.

"No matter what happens Saturday night, I think the real winners are the fans and women in general and the sport of women's boxing, because it's only going to grow from now on," Serrano said.
